LABOUR AND MUNICIPAL ADMINISTRATION SECRETARIAT

ORDER

Bangalore, dated the 18th March 1967.

S. O. 484.—WHEREAS in the Notice No. PLM CAD 63, dated the 1st March 1966, issued to the President, Town Municipal Council, Sirsi, North Kanara District, under the proviso to sub-section (1) of Section 316 of the Mysore Municipalities Act, 1964 (Mysore Act No. 22 of 1964), the said Sirsi Town Municipal Council was asked to show cause why it should not be superseded;

WHEREAS the President has challenged the validity of the Show Cause Notice issued to the Municipal Council on the ground that the notice which should have been issued to the Municipal Council, has been issued to the Municipal President, and thus the Municipal Council has not been given an opportunity to put in its objection to the proposed supersession. But the President has also placed the Show Cause Notice before the Council and furnished his replies to the notice as agreed to by the Municipal Council. Government have considered this point also;

WHEREAS on account of sharp party factions prevailing in the Municipality, the Municipal Council has failed to carry on the administration satisfactorily and the Government is of the opinion that the Municipal Council, Sirsi is not competent to perform and is persistently making defaults in the performance of the duties imposed on it by the Mysore Municipalities Act, 1964;

NOW, THEREFORE, in exercise of the powers conferred by sub-section (1) of Section 316 of the Mysore Municipalities Act, 1964 (Mysore Act 22 of 1964), the Government of Mysore hereby declares for the reasons specified in the statement of reasons appended hereto that the Sirsi Town Municipal Council is not competent to perform and is in default in performing the duties imposed on it under the Mysore Municipalities Act, 1964, and orders that the said Municipal Council be and is hereby superseded for a period of one year commencing on the 20th March 1967 and further directs that on the said 20th March 1967 all the Councillors of the said Municipal Council shall vacate their office as such Councillors without prejudice to their election under sub-section (4) of the said Section 316.

ANNEXURE

Statement of Reasons for the Order of Supersession

(1) The Municipal Council has failed to recover an amount of Rs. 56,974 which was in arrears at the end of 1964-65. Though instructions were issued in Divisional Commissioner's inspection notes dated 25th April 1965 to recover the arrears immediately, an amount of Rs. 11,175 only was recovered by the Municipal Council till 8th October 1965.

(2) The Mysore Health Cess Act, 1962, has come into force from 1st April 1963. According to Sections 3 and 4 of the Act, the Municipality is required to collect the

Health Cess at the rate of 9 paise in the rupee on the taxes specified therein and to credit the same to Government as and when collected. The Municipality failed to get the demand registers completed for the years 1952-63 to 1961-65 though instructions were issued to the Municipal Council under the Divisional Commissioner's letter No. GB/MUN. 133/63-64, dated 21st November 1963. The Municipality was also instructed to credit the amount of Health Cess collected to Government at least twice a week, if not daily. But the Municipality credited an amount of Rs. 1,980-77 only out of the total collection of Rs. 14,138-84 as under, disregarding the instructions of the Divisional Commissioner.

	Rs. P.
23-12-1963	1,051-14
30-12-1963	324-17
9-1-1964	198-41
9-1-1964	407-05
Total	1,980-77

(3) The Municipal Council has made persistent default in paying Primary Education Contribution to the District School Board from 1960-61 onwards and the Deputy Commissioner had to take action to recover the sum of Rs. 25,000 from the Government grants payable to the Municipality and adjust the same against the P. E. Contribution. According to the Divisional Commissioner's report dated 23th July 1966 the Municipal Council has still to pay the arrears of Rs. 9,000 towards P. E. Contribution.

(4) The Municipal Council has failed to provide adequate number of public latrines and urinals. As against 315 seats of public latrines prescribed in the Public Health Manual there are only 12 seats existing in the Municipality. As against 106 dustbins prescribed in the Manual, only 82 dustbins have been provided by the Municipal Council.

(5) The Municipality has failed to appoint a qualified sanitary inspector and has not paid adequate attention to the maintenance of proper sanitation in the town.

(6) The Municipality has failed to prepare compost manure from 1962-63 onwards resulting in loss to the Municipal Council.

(7) The Municipality has failed to comply with the provisions of the Prevention of Food Adulteration Act, 1954 and the Rules made thereunder, though the Mysore Prevention of Food Adulteration Rules, 1960 came into force on 1st August 1960. The following statistics prove the failure of the Municipal Council :

Year	No. of Samples sent for analysis.	No. of samples found adulterated.	No. of samples convicted.	Fine levied.
1960-61	24	10	10	95
1961-62	—	—	—	—
1962-63	5	2	2	25
1963-64	—	—	—	—
1964-65	—	—	—	—

(8) The Municipal Council has failed to provide a Slaughter House for slaughtering of animals though it is an obligatory duty of the Municipal Council.

(9) The Municipal Council has failed to implement the suggestions contained in the master plan even after a lapse of 9 years; and in spite of the suggestions of the Inspecting Officer from time to time.

(10) The Municipal Council has failed to remove or regularise 130 encroachments.

(11) The Municipal Council failed to provide street lights on Sirsi-Andgi Road and Ramanbail. It is reported by the President of the Municipality that the areas have since been provided with street lights.

(12) The Municipal Council failed to notify the vacancies to the Employment Exchange while filling in the posts of Overseer and Sub-Overseer.

(13) In connection with the implementation of the master plan, the President of the Municipality has stated that the Municipal Council is not in a position to implement the plan for the present with its finance. Though the Municipal Council is not in a sound financial position to implement such necessary schemes, it has failed to improve its financial position by raising the existing taxes. For instance, it has failed to revise the Market Fees fixed in 1931.

(14) The Municipal Council has committed default in carrying out the suggestions made in the Audit Notes and Inspection Notes. It is reported that some of the Audit Objections from 1948-49 to 1961-62 are still pending.

In general, the Municipal Council has grossly failed to act and function in the discharge of its obligatory duties.

ORDER

Bangalore, dated 20th May 1967.

S. O. 889.—WHEREAS, by a notice No. LMA 215 MNY 66 (I) dated the 8th November 1966 issued to the Corporation of the City of Bangalore under Section 47A of the City of Bangalore Municipal Corporation Act, 1949 (Mysore Act 69 of 1949), the said Corporation was asked to show cause why it should not be superseded ;

WHEREAS, in reply to the notice, the said Corporation has by its resolution dated the 5th December 1966, stated that the charges were vague and that no grave failure of any statutory function was made out ;

WHEREAS, in the light of the decision of the High Court of Mysore in Writ Petition No. 2725 of 1966, the State Government has considered the matter ;

WHEREAS, in the opinion of the State Government, each one of the three charges (6), (11) and (14) is by itself serious to justify supersession of the Corporation ;

ANNEXURE

Statement of Reasons

Item (6) of the notice relates to the failure of the Corporation to deal with nearly 400 subjects many of which are pending since October 1962. In the reply it is stated that most of the subjects relate to the grant of sites, margin lands, giving of grants to public institutions, etc., that the Corporation did not like to dispose of the lands without a definite policy and further, by Government Order and by the amendment to the Corporation Act, the ultimate authority to dispose of the lands is vested with the Government, and that the subjects relating to the works, maintenance of health and other subjects of public interest had been disposed of without any loss of time taking them as urgent subjects.

In the note by the Commissioner received along with the resolution of the Corporation, it is stated that on 23rd November 1966, 514 subjects were pending, and of these 235 relate to grant of sites, grant of margin lands, lease of lands, grant of licences and other grants and the remaining 279 subjects relate to acquisition of lands, sanction of estimates and other subjects. The explanation that most of the subjects relate to grant of sites, margin lands, etc., is clearly incorrect. The other explanation offered by the Corporation that the Corporation did not like to dispose of the lands without a definite policy and also in view of the amendment of the Corporation Act vesting the ultimate authority to the State Government cannot be accepted. The Corporation does not refer to any resolution in which any decision was taken for deferring consideration of the subjects relating to disposal of lands until the Corporation evolved a definite policy, as regards their disposal. The amendment to the Corporation Act made in March 1966, regulating the exercise of powers by the Corporation in respect of disposal of lands, did not take away the power vested in the Corporation but merely required that such disposal should be with the previous

sanction of the Government. The Government itself was not vested with the power of disposal. Consequently, unless the Corporation took a decision as regards the disposal of the lands, there could be no question of obtaining the sanction of the Government. There was therefore no reasonable ground for keeping such a large number of subjects on various matters pending for years. This failure to discharge the duty vested in the Corporation without any reasonable ground clearly establishes the incompetency of the Corporation to perform its duties under the Corporation Act.

Item (11) of the notice relates to the failure of the Corporation to frame recruitment rules relating to its staff even though draft rules were placed before the Corporation four years ago, thereby hindering the proper recruitment of the staff. In the reply of the Corporation it is stated that there was some difficulty to fix up parity regarding the claims of those employees who have joined the Corporation after integration of the Civil Station Municipality, that there were conflicting views regarding passing of tests through Government orders and Court orders, that there were a number of writ petitions pending before the High Court in respect of appointments, promotions, increments, etc:, that there was some delay due to consultation with the Public Service Commission in regard to controversial cases and that another important reason for the delay was that for the last two years and more there was a proposal to prepare a common cadre for all the employees of the local bodies in the State and that the same was not finalised by the Government, and that despite all those handicaps, the Standing Committee had met several times and the subject had been brought to a final shape and that the rules would be ready to be placed before the Corporation within a few days.

Section 94 of the Corporation Act empowers the Standing Committee to frame regulations governing the recruitment in respect of the Corporation establishment. The Corporation was formed under section 438 of the Corporation Act, initially with the Councillors of the

Bangalore City Municipality and the Commissioners of the Municipal Commission of the Civil Station, Bangalore, and the employees of the Bangalore City Municipality and of the Civil Station Municipal Commission became employees of the new Corporation. Whatever claims the staff formerly employed under the Bangalore City Municipality or the Civil Station Municipal Commission may have, it is not clear how those claims could preclude the Corporation from making appropriate recruitment rules. Nor is it clear how the question of passing of tests would affect the making of recruitment rules. It is not stated how a writ petition filed in Court by an employee of the Corporation has affected the making of the recruitment rules. The explanation that another important reason for the delay was the proposal of the Government to prepare a common cadre of all the employees of local bodies in the State is also untenable. The failure to make appropriate recruitment rules although the Corporation was established in 1949, clearly establishes the incompetency of the Corporation to discharge its functions.

Item (14) of the notice relates to causing of public inconvenience in deciding to terminate the agreement entered into for the supply of water with the Bangalore Water Supply and Sewerage Board. In its reply, the Corporation has stated that it had requested the Government to use its good offices to give free allowance of water and that the Corporation wanted to give better relief to its citizens by giving concessions to the over-burdened tax-payers and the decision was an attempt made to give better facilities to the public. It is not clear how the cancellation of the agreement by the Corporation would give any better relief to the citizens of Bangalore. The agreement entered into by the Corporation with the Bangalore Water Supply and Sewerage Board was in accordance with the resolution of the Corporation, and under the agreement, the inhabitants of Bangalore had benefits to which the Board had agreed. The cancellation of the agreement by the Corporation without settlement of terms relating to another agreement to be entered into between

the Corporation and the Board would impose very heavy burden on a large number of inhabitants of Bangalore who are benefited by getting water to some extent without separate payment to the Board. The tenants would have to pay the full charges for the water supplied by the Board in addition to the enhanced rent due to the increase in the rate of property tax and the owners residing in their own houses would have to pay the full charges in addition to the enhanced property tax. The poorer sections of the inhabitants who do not have their own domestic connections but have to draw water from public fountains would not have been able to get any water, if the Corporation had withheld payment of charges, due to the cancellation of the agreement. The decision of the Corporation to cancel the agreement is highly detrimental to the interests of the inhabitants of the City of Bangalore and is clearly an abuse of its powers.

INTERIM AWARD.

By Government Order No. LMA 143 LLD 65 dated 14th April 1966 the Government of Mysore have referred an Industrial Dispute between the workmen and the management of Bharat Electronics Ltd. for adjudication under Section 10 (1) (d) of the Industrial Disputes Act, 1947. The points of Dispute referred for adjudication are :

(1) Are the Workmen of the Bharat Electronics Ltd., justified in claiming that the D. A. should be linked with the Consumer Price Index for Bangalore City, and

(2) Are the workmen of Bharat Electronics Ltd., Bangalore, justified in demanding Profit Sharing Bonus for the years 1962-63 and 1963-64.

The Reference is transferred to this Tribunal by Goverment in their Order No. LMA 595 LLE 66 dated 29th November 1966. It may not be necessary at this stage to refer to the claim statement or the rejoinder and I shall confine only to the application for grant of Interim Relief filed by 1(b) Union. They state that the cost of living Index at Bangalore has increased substantially since the last revision in the rates of Dearness Allowance which had come into effect from 1st December 1965. The cost of living Index in November 1965 was 688.42 and that of November 1966 was 719 57. The Management was giving Dearness Allowance at the same rate as applicable to the Central Government Servants till the Central Government implemented the recommendations of the Gajendragadkar's Commission. The Management also did not implement the Interim Relief recommended by the Engineering Wage Board. It is, therefore, prayed that an Interim Relief be granted and an Interim Award be passed directing the Management to enhance the Dearness allowance to the workmen on par with the State and Central Government employees.

2. The claim for Interim Relief was resisted by the Management on various grounds. They state that in view of the Settlement dated 13th October 1965, the References itself with regard to Dearness Allowance is irregular, illegal and without jurisdiction.

There is no condition of service as alleged by the Employees Union that the workmen are entitled to the same rate of Dearness Allowance as applicable to the Central Government employees. They further state that the question of implementation of the Wage Board Recommendations on payment of Interim Relief as accepted by the Government of India is under active discussion and is under negotiations. The Management submits that there is no wanton delay in implementing the decision of the Government of India and recommendation with regard to the Interim Relief made by the Wage Board for Engineering Industries. They further submit that the claim for the Interim Relief, *viz.*, to enhance the Dearness Allowance on par with the State and Central Government rates is not justifiable.

3. So far as the main objection is concerned that this Tribunal has no jurisdiction to pass an Award on Interim Relief, this Tribunal has already passed an Order dated 17th March 1967. In that Order it is held that the Settlement which is effected between the workers and the management does not bar the claim for Interim Relief and that on the contrary, the Interim Relief under the settlement has to be settled when the Wage Board recommendations on Interim Relief became known and that as the recommendations of the Wage Board with regard to Interim Relief has been published, the question of Interim Relief has to be settled and that this Tribunal has jurisdiction to settle the Interim Relief and now the quantum of relief that the I party Members are entitled to has to be decided.

4. It is not seriously disputed by the Management that the revision of the Dearness Allowance payable to the workmen of the I Party are liable to be made. It is common ground between the Parties that the cost of living has risen up from December 1965, when the last revision was made to the present date. It has been the practice of the Management to revise the Dearness Allowance from time to time in order to neutralise the rise in the Cost of Living. The Formula followed by the Management eversince 1961 was to adopt the revision of Dearness Allowance which the Central Government made for its employees. That practice, no doubt, has not become a condition of service but at the same time, it must be admitted that the Management is liable to revise the Dearness Allowance as and when there is a rise in the cost of living. As a matter of fact, the Management has admitted that they are contemplating a revision

in the Dearness Allowance and for that purpose, there have been negotiations with the employees Union to arrive at an amicable settlement. No such amicable settlement has so far been unfortunately reached although there have been offer and counter offer, but fortunately during the proceedings before this Tribunal the offer made by the Management had been accepted by the Employees' Union and the only difference between the Parties is whether the conditions attached to the offer made by the Management should remain or whether the Management's offer should be unconditional as contended by the Employees' Union.

5. The learned Counsel for the Management argued firstly that the entire claim for Dearness Allowance is not based upon any legal obligations or rights and that it is purely *exgratia* or gratituous payment on the part of the Management and there can be no adjudication on this question. In support of that contention, he relied upon the decision reported in AIR 1954 SC 493—the State of Madhya Pradesh *Vs.* G. C. Mandawar in which the following observations are made:—

"Under this provision, it is a matter of discretion with the local Government whether it will grant dearness allowance and if so, how much. That being so, the prayer for '*mandamus*' is clearly misconceived, as that could be granted only when there is in the applicant a right to compel the performance of some duty cost on the opponent. Rule 44 of the Fundamental Rules confers no right on the Government servants to the grant of dearness allowance; it imposes no duty on the State to grant it. It merely confers a power on the State to grant compassionate allowance at its own discretion, and no *mandamus* can issue to compel the exercise of such a power."

That decision could have no bearing to the instant case. That decision is based on the fundamental rules which are applicable only to the Government Servants and not to the workmen in an industry. There is no rule shown to me under which the Management has a discretion to pay or not to pay the Dearness Allowance. It was urged that there was no contract to pay dearness allowance and when there is no legal right under law, it is not capable of enforcement. In my view, the Civil law relating to contracts, legal rights arising

out of the contracts, etc., are not binding on Industraial Tribunals. The Industrial Tribunal has to adjudicate the disputes before it not on civil law or Legal rights but purely on ethical principles in order to promote social justice which is one of the aims of our Constitution *viz.*, to bring about justice politically, economically and socially. This Tribunal is not fettred by the limitations of contract. If the arguments of the learned Counsel were to prevail, then the wage structure once fixed between the Management and the workmen, can never be changed as any change would be opposed to contractual obligations between the Parties. The objection of the learned Counsel for the management in my view has absolutely no force.

6. The offer made by the management is contained in Ext. M.7 under which the Management undertook to pay from 1st April 1966 additional *Ad hoc* rates of allowances to the employees in the pay scale upto and inclusive of Group IX at the following rates :—

	The employees drawing basic pay/wages	
From	Rs. 70-109	Rs. 9.00 per month.
	„ 110-149	„ 7.50 „
	„ 150-209	„ 6.00 „
	„ 210-440	„ 6.00 „

That offer has been accepted by the I (b) Party subject to the following modifications :

(1) The Interim Relief should be treated as Dearness Allowance ;

(2) The conditions attached to the offer that the Parties must agree not to press the issue of D. A. before the Tribunal and others must be dropped.

7. The learned Counsel for the Management further contended that when the offer has not been accepted in toto, the offer is no longer alive and it should be taken as withdrawn. It cannot, however, be denied that revision of Dearness Allowance is indicated under the following circumstances.—

1. When there is a rise in the cost of living ;
2. When that rise in the cost of living has to be neutralised;

When the comparable industry in the region has revised the Dearness Allowance; and

4. When the industry is in a financial position to meet the additional burden.

In my view all these conditions prevail and there can be no doubt that the revision of Dearness Allowance is indicated. The Management do recognise the necessity for revision of Dearness Allowance and have in fact made an offer. Indeed they had already implemented the revision of Dearness Allowance so far as certain other employees are concerned as under Exh. M. 16, they had granted an *ad hoc* allowance to executive staff from 1st August 1966 at the rate of Rs. 15 per month for those drawing between Rs. 350 and Rs. 399 basic pay. In those circumstances and especially in view of the fact that an Interim Relief has been recommended by the Engineering Wage Board to which both the workmen as well as the Management have hitched their wagons a revision of Dearness Allowance is called for. The offer made by the Management shows that it has financial capacity to bear the additional burden.

8. The only controversy is whether the two conditions attached to the offer, *viz.*, that the Interim Relief should not be treated as Dearness Allowance and that the entire reference should be withdrawn by the Union are justifiable and valid. So far as the first condition is concerned, this Tribunal cannot in the interim award give a relief which is different in character from the final award that it can pass. It must be remembered that the Reference itself is for linking the Dearness Allowance with the cost of Living Index and this Tribunal is not called upon to decide any question relating to basic pay or any other allowance and the terms of Reference confines only to the question of Dearness Allowance. I, therefore, cannot pass an Interim Award except with regard to the Dearness Allowance and hence the condition imposed by the Management has no force. I would, in this connection, refer to the decision in 1953 I LLJ 208 in which it has been held that the interim relief, as the term indicates, is in aid of the final relief that may ultimately be granted and the power to grant such relief is inherent in the power to grant final relief; but no interim relief could be given larger than the final relief or beyond what is referred by Government. In view of the decision cited, it is not open to me to give an interim relief beyond the relief that could be granted in

the final Award. The only relief that I can grant is in respect of the Dearness Allowance in the final award and the Interim relief would only be towards Dearness Allowance. I cannot make it as an *ad-hoc* allowance.

9. The reference has to be decided on merits and I express no opinion about it. At present the management is not justifide also in asking the Union to have the Reference withdrawn. In order to secure industrial peace and to avoid unrest, a final determination of the dipute with regard to the Dearness Allowance which has been hanging fire for a number of years is essential and to dispose of the reference without coming to a final decision will only postpone the inevitable conflict between the parties. To set at rest this controversy it is desirable that the matter be adjudicated and the management calling the Union not to press the Reference seems to be against the interest of securing industrial peace and that condition also cannot be insisted upon. In the result, I make the following Interim Award.—

INTERIM AWARD

All the workmen of the I Party except those who are covered by Ext. M. 15 are entitled to additional Dearness Allowance with effect from 1st April 1966 in the Pay Scale up to and inclusive of group IX at the following rates.—

From Rs.	Rs. per month
70 to 109	9
110 to 149	7-50
150 to 209	6-00
210 to 440	6-00

Subject to the following conditions :

(a) This Dearness Allowance will not count for any purpose such as Provident Fund, Over-time, Incentive Payments, Gratuity Bonus and other allowances.

(b) This Dearness Allowance is adjustable against the final award to be passed in this Reference, and becomes payable one month after the publication in the Gazette.

Each party will bear its own costs.
